Below is a description of the Moss baskets we will have available for order in 12", 14", and 18" sizes.

**VICTORIAN:** Planted in vibrant shades of blue, purple, pink and white.

**WEST COAST SPECIAL:** Have no colour preference? This basket is planted with all the colours! Bright and colourful.

**COOKIES N' CREAM:** A monochromatic look of white flowering plants and dark leaf foliage plants.

**FOLIAGE BASKET:** This basket is the lowest maintenance hanging basket you can buy. Planted with a great variety of foliage in purples, deep green, lime green, yellows, pinks and more, these baskets will "wow" you with their size, colouring and texture. AND NO DEAD HEADING!! Great for your part sun and full sun locations.

\*\*\*\*For 2011 customers, please note we will **NOT** be planting the foliage baskets in supermoss. They will be planted with the regular moss.

**CALIBRACHOA** (formerly called Million Bells): Multitudes of trumpet like flowers tumble over each other to create a "tear drop" shaped basket. You may choose from these designer mixes: **Aloha Tropical mix** is a bold mixture of red, purple and orange. **Aloha Springs Mix** is a bright mixture of blue, yellow and pink. **Aloha MiniFamous Doubles** is a mixture of rose like double flowers in soft blue, yellow and pink. **Cabaret Mix** is a NEW mix featuring shades of hot pink, deep purple and bright orange.

**CITRUS SQUEEZE:** This sun loving basket will boast huge amounts of rich colours in oranges, yellows and splashes of red complimented by purple and lime ipomea, diamond frost and dark leaf coleus.

**MEMORY LANE:** A soft mix of flowering plants in hues of blue, pink and yellow complimented with some light purple and coral. Available in Sun, Sun / Shade and Full Shade.

**MOJITO:** Lime and black leaf ipomea are evenly mixed throughout the basket. No deadheading, no trimming and no mess with our modern Mojito basket. Performs best in Part Sun.

**STREPTOCARPELLA:** This unique shade basket turns many heads each spring with its delicate purple flowers against dark green foliage. This basket performs best in the shade but can tolerate some sun if watered properly.

**ELFIN IMPATIENS BALL:** Planted with the heavy blooming elfin impatiens. Available in a bright mix and pastel mix.

**BEGONIA FLAMBE:** A sphere of Apricot Illumination Begonias so bright it looks like it is on fire! This basket performs best in the shade. Flowers change colour as the mature. Orange through to Pink.
